Asier Gallego Roca

SOFTWARE ENGINEER

Málaga, Spain

asiernoide.github.io

github.com/asiernoide

SKILLS

Data & AI

- Python (Pandas, NumPy, Scikit-learn, Keras)
- SQL (SQL Server, SQLAlchemy, pyodbc)
- NoSQL (MongoDB)
- ETL pipelines
- Generative AI (RAG, LangChain, LLM-based systems)

Tools & Platforms

- Git
- Power Platform (Power Apps, Power Automate, Dataverse)
- Bash / Linux

PROJECTS

RAG-Refiner (Bachelor Thesis)
https://github.com/asiernoide/RAG-Refiner

- Built an end-to-end RAG system with LangChain, including web scraping, semantic retrieval (embeddings) and LLM integration
- Designed evaluation framework with custom metrics to assess response quality

SteamPredictor (In Progress)

- ML application to predict videogame discount time interval and prices using Python (Pandas, Scikit-learn) and MongoDB
- Data collection via APIs/web scraping and feature engineering for predictive modeling

PROFILE

Software Engineer specialized in Data Engineering and Machine Learning, with experience building production ML systems and data pipelines in enterprise environments.

Currently working as lead developer on a Machine Learning project using Python (Pandas, Scikit-learn, Keras) and SQL Server.

Strong focus on Generative AI (mainly LLMs) and building end-to-end intelligent systems from data ingestion to model evaluation.

EXPERIENCE

Software Engineer - Data / Machine Learning — Sep 2023 - Present
Capgemini Spain, Málaga

- Lead developer in a Machine Learning project, collaborating closely with client teams using agile methodologies
- Designed ETL pipelines and predictive models using Python (Pandas, Scikit-learn, Keras) and Microsoft SQL Server
- Processed large datasets and optimized database access with SQLAlchemy and pyodbc
- Contributed to system architecture and technical decisions
- Developed enterprise applications using Power Apps and Power Automate, integrating data via Dataverse and SharePoint

Internship — Feb 2023 - Jun 2023
Capgemini Spain, Málaga

- Training in Power Platform and ASP.NET development
- Exposure to enterprise development workflows and agile environments

EDUCATION

MSc in Software Engineering and Artificial Intelligence — Oct 2025 - Present
University of Málaga (UMA), Málaga

BSc in Software Engineering — Oct 2019 - Jun 2024
University of Málaga (UMA), Málaga

CERTIFICATIONS

- **Google Cloud Big Data and Machine Learning Fundamentals** — May 2025
- **IBM Introduction to Deep Learning & Neural Networks with Keras** — Feb 2025
- **IBM Machine Learning with Python (with honors)** — Jan 2025
- **Microsoft Azure Cosmos DB** — Dic 2023
- **B2 English (ACLES)** — Jun 2017
